Synopsis

This image-rich text introduces significant movements in the evolution of the decorative arts, including furniture, design motifs, and accessories related to interior design and architectural settings from the Neolithic Age to the 21st century. **DESIGNER'S GUIDE TO FURNITURE STYLES**, 3/eÂ augments the study of art and architectural history by discussing the function and aesthetic purpose of furniture, pottery, glassware, lighting, textiles, mirrors, metalworking, clocks, and wallcoverings; as well as their integration into interior design. Customer Reviews

I bought this for my Interior Design class (History of Furniture) and thought it was great. There's a ton of color photographs and very detailed information. I definitely recommend this one.

This book was a required text book for two of my Interior Design courses. It has quite a bit of useful information and will hang on to it for the future.
