Emini Strategies - Master The Futures Market: Emini Futures Strategies For S&P, Nasdaq, ES Trading

Synopsis

The trading style is perfect for traders looking to make a living daytrading. The strategy was developed to maximize profit and earn at least 3 points a day. The Technical signal is generated on average of 3-5 times a day. If you can wait patiently and observe the market, you will be successful as long as you are disciplined and patient. The indicators allow you to see where the market is heading and will warn you ahead of time whether to short or go long. The best part is that it can be used on any platform like Ninjatrader, Think and Swim, Fire Tip and many more. Our system has been back tested for the last 2 years with 85% win accuracy. What you will get - You will learn how to take the highest probability trades used by professional and retail traders. You will learn how to time the market like a pro. You will learn how to enter a trade and exit a trade to maximize profit. You will get charts and easy to follow examples. You will be ready to trade in the next trading day.

Text-to-Speech: Enabled

X-Ray: Not Enabled

Word Wise: Enabled

Lending: Not Enabled

Enhanced Typesetting: Not Enabled

Best Sellers Rank: #100,005 Paid in Kindle Store (See Top 100 Paid in Kindle Store) #14

in Kindle Store > Kindle eBooks > Business & Money > Investing > Futures #14 in Kindle Store

> Kindle eBooks > Business & Money > Investing > Options #34 in Books > Business & Money >

Investing > Futures

Customer Reviews

This was my first time reading about financial trading and this was a good book to get started with. Short and concise, this book won't offer you a comprehensive guide and explain everything - but it will explain the KEY details. What's awesome is that the explanation paired off with graphs so you

get a visual understanding. This book covers the secrets used by professional and retail traders, how to time the market, how to enter/exit a trade to maximize profit and how to be ready to trade in as little time as the next day. Great book if you already have some background in trading and looking to take your profits to the next level.
