An absolute MUST for every event professionals bookshelf! Whether you have been in the

business for years or are just starting out, this book can make sure you get the terminology right and learn the correct meanings. This book is a great accompaniment to the Backstage Handbook used in theatre coursework and other event management program books. Best money spent for a professional book!

i bought only because my class teacher suggested, its not worth it, doesnt have all terminologies that would be helpful, mostly the stuff you know already, I find myself googling for definition most the time.

If the term exists, you'll find it here. A must have in an event planner's library.
