Lightroom CC: Library Module

Synopsis

Lightroom CC: Library Module A down-to-earth Lightroom CC guide that spares you cheesy humor and gets straight to the point.This guide details the inner workings of the Library Module of Lightroom CC with everything explained in detail and all of the useful tips and suggestions needed to boost your workflow to the next level. â ¢ Installationâ ¢ Catalogs & Catalog Setupâ ¢ Basic and Advanced settings and preferencesâ ¢ Importing & Exporting imagesâ ¢ Basic & Advanced Keywordingâ ¢ Tethered Captureâ ¢ Facial Recognitionâ ¢ Presets... and much more!This book, like the software, was written by a photographer and for photographers. Tim Martin's experience as a travel photographer working on-location for editorial and commercial clients has enabled him to master his workflow using just a single laptop computer and Lightroom CC. Everything from importing images to sending the final retouched photos off to a client can be done inside of Lightroom with stunning efficiency and ease. The goal of this book is to kick your workflow to the next level no matter if you are new to Lightroom CC or are an experienced user. Lightroom CC: Library Module is the first of three books in the Photographer's Guide to Lightroom 5 series. If you liked this book, please check out the other two: Lightroom CC: Develop Module and Lightroom CC: Everything Else.NOTE: Lightroom CC: Develop Module and Lightroom CC: Everything Else will be released in the middle and and end of May 2015 respectively.*Please note that this book has been optimized for eBook format.

Customer Reviews

A straight forward help

Excellent book for Lightroom CC users.

I am very happy with my purchase! I wanted something to help me get up and going and this was just what I needed. The steps are clear and and he explains the reasoning behind his instructions.The price is amazing, it is worth even more than I paid. Especially since LR CC was just released.

An awesome guide to an awesome piece of software!I've been using Tim's books to help me master Lightroom for a while now, and there's still nothing on the market that even comes close to explaining the ins and outs so clearly and understandably. This is a great update, and it covers every change you'll want to learn about in the latest version of Lightroom. It'd be a bargain at twice the price :)
