Customer Reviews

I cannot wait to get my hands on this calender each year. The first thing I do is count the bridges I have actually visited. Usually four or so. This year was six. This year's cover is Meriden, New Hampshire- my favorite in the state. The one thing that is misleading about the header is 18 months, six of which are on one one page. You cannot use them for anything because the spaces allotted are so small.

This is a beautiful calendar, and just the right size for our wall. The photos are very clear with vibrant colors. I would recommend this to anyone who enjoys rustic outdoor images.
