Customer Reviews

Joel Sartore has mastered the art of capturing in very few words several lovely moments, observations, and life lessons. His gems of selections here encapsulate ideas just as his photographs tell complete stories. You'll want to read only one bit at a time so the deliciousness of these essays will last--but you'll be tempted to swallow it in a single sitting. And you'll want several copies to give to special people.

Another fine collection of the authors fine photography accompanied by his homey, amusing

commentary on his pictures and the stories for which the photos were done.

I respect Joel's love of family and love of nature. I smile just thinking of his name because I know he'll say something to make me chuckle.
