Customer Reviews

Bansemer's Book Of Carolina And Georgia Lighthouse showcases the great lighthouses that served the maritime trade for generations along the Carolina and Georgia coastlines. Roger Bansemer's informative text is superbly enhanced by his wonderful paintings. Most of these grand structures are no longer in service, having been rendered obsolete by advances in maritime and communications technologies. But their legacy lives on as proud relics of a maritime history that continues to hold a fascination for each new generation. Superbly produced and presented, Bansemer's Book Of Carolina And Georgia Lighthouse is a very highly recommended addition to any light house enthusiast's collection.

I love this book! I am a huge lighthouse fan and this book is a delight to now own! 5*****stars for you! Great turnaround on delivery! Thanks and I'll be back again! Merry Christmas to you and your family!

Very informative book on the lighthouses of the Caaarolinas and Georgia. I have read many books

on Lighthouses but this book has great pictures, drawings, and information on the lights better than any other books.

This beautiful book is a resource for all of the lighthouses along our shore. With illustrations and anecdotes, it a wonderful way to learn the history of the Atlantic coast, while using it as a guide for visiting. We already have a copy of his book of Florida lighthouses.
