Synopsis

The premiums can be huge. Auto insurance is expensive. The coverage for a small business is vital. Even if your business does not own a vehicle, you still need the coverage! (Learn why in the book.) I buy more car insurance policies than anyone else in the country. As an insurance consultant I work each year with hundreds of policies. There are insurance agents who sell more policies. Thats not what I do. I help buyers buy better. (I never sell insurance - I only help insurance buyers buy insurance better. I don’t accept fees or commissions from the agents or insurers I work with for my clients. I don’t even let them buy me lunch.)In plain language I explain what you need to know about business auto insurance.
