In ~40 pages this book clearly reveals a handful of very impressive tricks that could be performed by both experienced and inexperienced readers. Unlike many other books on magic tricks "10 Tricks - Mental Magic" by James Ulyatt is written in an easy to understand language and more importantly it only describes tricks that are worth your time to learn. If you're looking for a book that will teach you how to perform a bunch of effective tricks right away, I'd highly recommend this one.
