Customer Reviews

I bought this to give to my 12yr old grandson and after receiving it, I've changed my mind. I think there is way too much reading and not enough diagrams (actually almost none). I honestly can't remember if this was targeted to a particular age group but in my opinion it would be more suitable for someone a little older.

The info in this book is both useful and timeless, very informative, and very practical. I have been

using this book a lot lately, and it is just great.

I bought it for my grandson, who was interested in easy to do tricks. Book was good but not enough pictures.

Got this for my grandson, he really enjoys it and is learning lots of fun tricks. A good way to start learning card tricks.

I like card tricks. Am taking a magic class at adultschool. This is a nice supplement. love it....

This was purchased for a ten year old who was very excited to get it. It is easy read and to follow the directions.

instructions not simple enough opened portal between space and time Jimmy hasn't come back yet....

The boys I ordered the book for, are enjoying showing their friends what they learned.
