Sebastio Salgado: Other Americas

Synopsis

The first edition of Sebastião Salgado: Other Americas was published in 1985 by the French publisher Contrejour, and included photographs from Salgado's numerous trips through Brazil, Ecuador, Bolivia, Peru, Guatemala and Mexico. The Brazil-born, Paris-based photographer traveled extensively in Latin America between 1977 and 1984 to document the shifting religious and political climate in the region, especially as reflected in Latin America's rural cultures and traditional lifestyles. Other Americas, Salgado's first photobook, included portraits of farmers and indigenous people, landscapes and pictures of the region's spiritual traditions. An instant classic, the book received countless awards and prizes and has been called the visual equivalent to the magic of a Gabriel García Márquez tale. This new edition of Other Americas, an English-language reissue of the 1985 Contrejour edition, brings back into print one of the most powerful visions of life in Central and South America ever recorded.

Book Information

Hardcover: 127 pages

Publisher: Aperture (May 26, 2015)

Language: English

Customer Reviews

I'm a big fan of Salgado but the problem with this book is that almost every photograph is printed across the binding. This makes it impossible to see the photograph in its entirety. Not a good way to see a photograph.

Another masterpiece from Salgado. Salgado's photos capture the vital point. Desperate lives of South American Indians.

Beautiful work of a genius.

Wonderful
